RFP Closing Date
31 Oct 2017

ABOUT THE PROGRAMME

The objective of this programme is to foster & support the industrial collaborative R&D projects that brings together companies, research organizations & academics from India & Italy for joint development of Innovative Products, Processes or Services. The aim is to deliver benefits to all participants, and more importantly, to both nations.

Department of Science & Technology (DST), Government of India and Ministry of Foreign Affairs and International Cooperation, of the Italian Republic, have created funding mechanisms through which companies may seek support for joint Italy-India research and development (R&D) projects.

This bilateral programme between Italy-India is Technically & Administratively managed by the **Global Innovation & Technology Alliance (GITA) in India.**
